1st. Feby. 95.

My dear Sir Henry

For the past two
days I have been engaged
on some odd jobs in the
Office. Graham is down with
scarlet fever and they
wanted my assistance so
I prepared myself only
too pleased.

Whodes leaves ~~today~~
tomorrow to be sworn in
& embark direct from
Osborne. He has been

they well received here and
I am told received a
perfect ovation at the
Imperial Institute. We
did not go as we had
no tickets and I did
not care to write &
ask for them but I
hear it was a very
successful lecture.

Sawyer has I hear joined
Lieutenant Gas. and has left
the Army.

Fort. is in London
somewhere but I have not
seen him.

Sheppard is also in
London but nobody
knows his address. At the
C. O. he gives the Union
Club as his address

GD 268/4.4/264

From what I hear Newfoundland
will go to Canada and I
do not greatly mourn as
I believe the place is hopelessly
bankrupt and if made into
a Crown Colony they had
would have resented the
necessary retrenchments.

The prospects of the
Liberal Government are
uncertain and the
Unionists hope to defeat
them early in the Session.
I sincerely hope they won't.

because it would I suppose
be open to them to refuse
to ratify the Imperial
Convention but I hardly
suppose they would do
a thing like that:

I hear Boswell's
father is better but it is
not supposed that he will
be fit for work again.

We leave London
tomorrow for a week
and if I don't write

deed. well you will
know that it is
because we are out
of town.

It has been
abominably cold and
we have had a succession
of snow storms but
up to the present time
experienced no ill
effects.

With kind regards to
Lady Loch & the young ladies

Believe me,

Yours faithfully
