How are you all? Had a little business  
glady about a week ago. They are coming here  
on the 8 of July, & Reg has to leave for home on the  
24th. only a short visit. But it will be nice  
to see them. There five five of them coming. Maybe  
six. I got the eye those pleased up and cried  
inside. The weather is awful. Some days its fine  
other kind rain, snow. Salmon are scarce &  
lobsters are not too plenty. and the people in town  
make you mad. Oh the lobster & salmon up year  
way all here that disease. and you could not  
get to sell salmon for a week or more.  
I expect the upland about it. will cause  
a lot of trouble in the American market.  
There is a good sign of God too. Just - no one to  
catch it. of course all the memorial crowd will  
walk around unemployed during the holidays  
they want fish like their fathers. Did it they  
make an awful mess of the Long Island Business  
now the Placenta fishermen, want it closed down  
altogether. And of course moving the population is  
going to be about the worst they could happen.  
They all have to leave their ground fishing premises  
and all, & where they lived for hundreds of years  
without the dock. There are two families of yours. They took  
from up there, & they could not get a house in Ferris  
so they live in old Shaks in Chest, & both families  
are on the dock. the whole year round. eight more families  
in Ferris the same. To feed those families would  
pay for a lot of lights, and school teachers too. and  
that is only a small part of the story.  
I would not want to be one of the next party to  
clear up the mess of Jay & his Rogues.  
Bill is making great improvements on the Store. he wants  
them modernized. for they fish. he got the sawt of

His jail from Palestine last year.  
He did not want to change the old store, for  
that must be the oldest or one of the oldest  
stores in the County then. He has awful weather to  
work in. Had letters from Jim & Ray last week  
and Elsie too. They are all well, except Jim  
whose headaches are back again, & giving her a lot  
of trouble. She says the Snowy is awful there, lots of  
people are leaving. Henry is going to school in Paris  
for a year next month. And Rose's husband is  
called up in the navy. She is going to try for a job  
near home. Margaret passed her her exams, got  
as in all her subjects. Haven't seen Slim since  
he was up touting for the week end. Guess he passed  
each term in the night, as he didn't call in.  
Rete is in Churchill falls again. He likes it down  
there. Did you ask Lanny about those notes of mine  
I'm trying to get some notes on Floydland for  
the unveiling. I have an awful memory lately.  
forget everything, and have headaches, but pick it  
up much if any. Love down lovely, no one to talk  
to. Dick Johnson, or Will Farley never go out, and  
I cannot stay in - guess maybe go out too much.  
Think you are able to work a few days when Ray  
is down. Are the boys working? Remember me to all  
and wish sometime. And don't send anything for  
Father day. You kids are just too good to me.

Love, Dad

Too  
far good
