My Dear Ev & Lou,

Well girl Lou are you feeling
Phyllis was saying you ~~were~~ were not feeling
so good I'm really sorry Ev, but don't be
downhearted as time go along you will get
stronger, remember you had a hard time.
I'm glad to say Dad is feeling pretty good
lately but all times & new year he was pretty
miserable, we have a boy who comes everyday
and cuts up the wood that's the job that
did the most harm to him.
I've still got the cold can't get rid of

it at all I suppose I'm too much in the
house, but when its a fine day it is
too slippy underfoot so thats another day
gone. Oh well I suppose I'll soon get out.
Who does the baby look like, I'd love to
see it, it was nice of you to give the
baby my name, it is the first grand child
who has, so I'll have to have more interest
in it wont I, wish I could drop in and
take care of her for you, we will have a
grand horse when all the baby's get together.
Jean is my next worry, we got the
Xmas parcel and this package was in it
for you. Jean is far too heavy in weight
so she has to loose a few pounds. and

she said she is Hungry all the time. Jack seems to be doing alright and I get a letter from Lini nearly every week, Oh yes the Dr told Jean she is going to have a girl I wonder what Jack thinks.

So long Ev. and when you get time drop me a few lines, Thanks so much to both of you for nice Knas present you gave me, I love it. all my love
God Bless.

Your Ever Loving
mom.
